

Testimonials

“Michelle is not just a Hair Angel, she is an angel! My daughter got lice a week before she was supposed to be the flower girl in my sister's wedding. I thought we would have to back out of one of the most important days for our family. Hair Angels saved the day! We all made it to the wedding and had a wonderful time thanks to the immediate, professional and thorough job they did.”

★
Jill, Costa Mesa, Ca

“As a working mom with three children, I was devastated when our school called to say my kids needed to be picked up for head lice. I was at my wits end! I needed help so I called The Hair Angels and they arrived a short time later. They were so friendly and quickly put me and my children at ease. They were professional and efficient. They truly saved the day!”

★
Kathy, Pasadena, Ca

“I never thought I would have to deal with lice, so when my son got it, I panicked! A friend told me about The Hair Angels. I called them and they scheduled an appointment immediately. Hilary was so sweet, professional and gentle with my son and most importantly, she got rid of the problem!”

How Can I Prevent This From Happening Again?

- ★ Comb every day using a metal nit comb.
- ★ Style your hair into a bun. Swinging hair offers a bridge to infestation.
- ★ Spray our effective, mint enzyme on your hair before leaving the house.
- ★ Shampoo daily with a mint based shampoo.
- ★ Soak all combs, brushes and accessories in alcohol for 20 minutes.
- ★ Don't share hats, brushes, combs or helmets.
- ★ Wash all clothing and bedding used within the last 24 hours.
- ★ Vacuum floors, upholstered furniture & auto interiors.
- ★ Make head checks a part of your daily routine. Early detection is the most important step in stopping the spread of lice.
- ★ Notify your child's school and any friends they might have come in contact with!

Myths & Facts

Myths

- ★ Head lice means you have poor hygiene. Lice actually prefer clean hair.
- ★ Head lice can jump and fly. **It takes head to head contact to get lice.**
- ★ Over-the-counter lice products and sprays are completely safe. **Most are toxic pesticides. Some even contain malathion and they are useless against baby lice and lice eggs!**
- ★ You can wash away lice if you take a long shower. **Lice can hold their breath for up to 2 hours. They lock their claws onto the hair shaft; allowing them to hang on for dear life!**

Facts

- ★ Head lice is the #1 reason for school absences.
- ★ Tea tree oil does not repel head lice as effectively as mint based products.
- ★ Lice can not survive off of a human head for more than 24 hours!
- ★ Nits (lice eggs) can not hatch off of a human head!
- ★ The phrase "a lousy nights sleep" comes from the word "louse."

About the Angels

The Hair Angels was founded by two moms who were frustrated by the persistent lice problem in their schools. After struggling with and battling the problem themselves, they thought there had to be a better way, and there is! They researched and found the Shepherd Method™ to be the most effective way to eliminate head lice. They were trained and became highly skilled in this method. Now they can provide their clients with the best service possible.

Benefits & Services

The Hair Angels is a full service, head lice removal option for the whole family.

- ★ We provide treatment in the comfort of your own home!
